Dear [redacted]

Enclosed you will find copies of some orders to be used for the application for a passport by you before a clerk of any State or Federal Court authorized to naturalize aliens. Such courts are authorized to accept applications for passports which will be forwarded to Washington.

According to my records, we have checked your birth certificate and, having found it in proper form, returned it to you. You should apply for your passport with two (2) passport photographs, your birth certificate, some identification (drivers license) and two (2) copies of your orders. On the form where it asks for the address to whom the passport should be sent, you should put "Military District, Washington - Will Call - [redacted]". Where it asks for your occupation, you should put Administrator. With your orders you should only have to pay the fee for the passport, which is \$1.00.

Orders to be used in the application for passport for your [redacted] are being sent to the Ranch for application through them.

Very truly yours,

TCNY
